Office of Selectmen,  
Holderness, N. H.

Dear Sirs:

The following is a report of the activities conducted for the town of Holderness, by the N. H. Department of Health Bureau Public Health Nursing, for the year 1961. Will you please have this included in your town report.

A Sterneedle Tuberculin Testing Program was carried on in the Holderness Grade School in March at the request of the School Department. A total of 119 received the tests which included all grades, teachers and school personnel. There were 11 reactors and these were followed through with chest x-rays. The families of the reactors were visited, many were tested and x-rayed. The x-rays were done either by their family physician or at the Plymouth Chest Clinic. These chest x-ray clinics are held at Plymouth in the Spring and Fall of each year. They are conducted by the N. H. Tuberculosis and Health Association and the N. H. Department of Health. Reports are sent to the parties concerned following their clinic visit.

An Immunization Clinic was held at the school on March 16th. The following immunizations were given by Dr. Laurence Rockwood, School Physician, assisted by Mrs. Lois Reed, R.N., N. H. Department of Health, Mrs. Amy Brown, R.N., School Nurse and members of the Holderness P.-T. A.

Immunizations given:

Home visits were also made by the nurse on babies and pre-school age children. Children were referred to Cripple Children's Clinic, Child Guidance, and others as necessary. Follow-up visits were made following clinic visits.

I wish to thank anyone who assisted in any way in the success of the program in the past year.

## AN APPEAL FROM YOUR FOREST FIRE WARDEN

---

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interest.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your Warden.

Do the things that are required of you —

1. Follow the Warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

## REPORT OF THE POLICE DEPARTMENT

---

During the year of 1961 many complaints have been brought to the Holderness Police Department. Some of these have been resolved and some are still being worked upon.

We were unfortunate to have had 11 breaks reported during the year.

There were 108 calls made to the Police Department and all calls were answered, 8 arrests were made, 7 automobile accidents were investigated. None of these were fatal. Nine fires, several at the Holderness dump, were investigated, one arrest for setting fire at the dump was made.

Setting fires unauthorized is strictly prohibited, any one found guilty of setting a fire may receive a jail sentence or a heavy fine. Should any resident or property owner see a person setting a fire at the dump please call the Police, get the registration of the car in which the subject may be traveling, put out the fire if possible, if not, call Fire Dept.

There have been 9 cases in regards to dogs which were investigated and settled. Get your dog tag paid before May 1st.

We are sad to report one drowning.

Please use common sense on our highways and on the waters of our lakes and ponds.

GEORGE A. PLANT,

Chief of Police

**AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of

Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Holderness:

I respectfully submit my seventh annual report as your Superintendent of Schools.

### GENERAL INFORMATION

The following legislation relating to education was passed at the 1961 session of the Legislature:

1. An act providing for the appointment of an interim commission on education to study the organization of school districts and the higher educational facilities in the state. Said committee is to report at the next session.
2. An act relating to the operating expenses of Education Television Channel 11. The sum of \$25,000 was appropriated for each year of the biennium and additional sum not exceeding \$15,000 for the fiscal year ending June 30, 1962 and a like sum for the fiscal year 1963, provided there is raised and appropriated by the school districts in the State sums for the operating expenses of said Educational Television Channel on an equal matching basis. Each school district is assessed 25 cents per pupil.
3. An act relative to education for Intellectually Retarded Children. Intellectually Retarded Children are children not capable of profiting from general educational program of public schools. School districts may establish special classes or pay tuition to approved classes. State will pay a portion of the cost on basis of one-half state average cost per pupil for elementary schools.
4. An act relative to reliability for education of children in foster homes provides that children placed and cared for in any home for children shall be entitled to attend the public schools in the district in which the home is located.

## STAFF:

With the same staff in tact for another year it was very easy for them to continue the same routine, and carry on many of the fine practices that were put in operation last year. Knowing the pupils is a great advantage, especially when it comes to guidance. Teachers who have had the experience of the previous year in a school are able to make many more contributions to the whole school program.

I feel the staff is to be complimented for the untiring efforts they have made by attending workshops and conferences, participating in extension courses and attendance at Summer School.

Mrs. Mildred Uhlman received the Bachelor of Education Degree at the Plymouth Teachers College Commencement this last June. Mrs. Uhlman completed the former two year teacher preparation program, and has taken courses at Summer School and through extension to meet the requirements of the additional two years for a Bachelor's Degree in Education.

## SCHOOL PLANT:

The entrance doors, walls in the auditorium-gymnasium, and one classroom were painted this past year and plans have been made to renovate a room each year.

The following major items of equipment have been purchased: A file for the health records, a film-strip storage cabinet, slide for the playground and backstops for the auditorium-gymnasium are in the process of being installed.

The Deputy Fire Marshal made an inspection of the building during December and has recommended the installation of an emergency light in auditorium-gymnasium and a horn type fire alarm system in the hallway and auditorium. These two items are included in this year's budget.

## EDUCATION OF HIGH SCHOOL STUDENTS:

This year there are twelve students enrolled at Ashland High, nine at Inter-Lakes High and thirty-one at Plymouth. The Plymouth School Board is exploring the idea of a regional high school to include the districts of Ashland, Rumney, Campton, Thornton and Holderness as Plymouth High School is operating at near capacity. The present plan is to include grades 7 and 8 with the four years of high school as the present thinking in the education field is that the junior high or grades 7 and 8 should be an exploratory period leading to more formal training in the high school grades. The Holderness Board has attended three meetings, and it is hoped that plans will be formulated enough so that the proposal may be presented at the annual meeting this year, and a committee appointed to make further study of the idea of becoming a part of a regional high school.

## SCHOOL LUNCH PROGRAM:

The School Lunch Program is operating very successfully under the direction of Mrs. Marion Wing as Supervisor, and Mrs. Ann Hutchins as assistant.

More stress is placed each year on the educational role that the lunch program plays in the over-all educational development of the child. As we all know, good nutrition is the most important contributing factor to good health, and a child must be healthy to be successful in his school work. A nutritious lunch at a reasonable price, and eaten in a friendly atmosphere is a very worthwhile experience for a youngster.

## CONCLUSION:

Good schools are the result of a devoted and energetic staff of teachers, nurse, lunch program workers, custodians and school bus operators.

We are indeed fortunate in having a team that works so well in handling the many problems that arise throughout the year.

At this time I wish to take this opportunity to express a vote of appreciation to the various organizations in the community, especially the P.-T. A., Fire, Police and Highway Departments for their continued help and cooperation.

I also wish to thank the members of the School Board for their help and sincere devotion to their responsibilities to the parents, children, citizens and school personnel.

MARTIN E. HEFFERNAN

## PRINCIPAL'S REPORT

---

To the Superintendent of Schools:

I herewith submit my seventh Annual Report as Principal of Holderness Central School.

We were very fortunate in being able to commence our present school term with the same faculty as last year. Mr. Bailey, Mr. McGlone and Mrs. Corbett teach in a departmental arrangement in the upper grades with very satisfactory results. Mrs. Uhlman, Mrs. Garland and Mrs. Arold teach the lower grades. Miss McCuen, Music Director; Mr. Robertson, Handwriting, and Mrs. Brown, R.N., make up the remainder of the faculty.

Educational Television is again being used this year. The programs in French, History, Music, Literature and Career Guidance are being used to enrich the curriculum.

One of the most dramatic uses of T. V., excluding class presentation, was America's First Successful Manned Space Flight, which the students were allowed to watch. To read about History is one thing, but to see it happen is something else.

The Holderness Boys School entertained our pupils with a Christmas Party and presented the school with a check to buy an Anemometer. This will be used in setting up a weather station for the science classes.

Under Mr. Bailey's coaching, the baseball team last Spring and the football team this past Fall, both enjoyed successful seasons. During the Winter months volley ball was played in the auditorium and a skating program was offered on the school rink.

Last Fall the State Deputy Fire Marshal inspected the school and was very pleased with the school and the fire drill, which he observed.

A new slide has been purchased for the playground. With the arrival of Spring and warm weather, this piece of equipment should see a great deal of use.

Mr. Fitzpatrick has built a sandbox which will be placed on the playground. The swings have also been repaired.

I would like to express my appreciation to the School Board, Mr. Heffernan, the Staff and to the people of Holderness for the fine cooperation received during the past year.

Respectfully submitted,

ROBERT E. McGLONE,

Principal

## REPORT OF SCHOOL NURSE

---

Vision and hearing tests have been completed. All children found to have defects were retested, then if the defect was still present, a notice was sent home to the parents suggesting further examination by a doctor.

The Sight Conservation Program from the State Department of Public Welfare was used to assist some families in obtaining glasses for their children who otherwise would have to go without.

Very few communicable diseases were reported to the school nurse during the year.

Frequent inspections throughout the year were made of each child. The heights and weights were checked then recorded to the individual's health record in May and October.

Eighty-five children had physical examinations by Dr. Lawrence Rockwood, school physician. Recommendations were made to improve any defect found and notices were sent to the parents.

A Sterneedle Tuberculosis Testing Program was held March 15. This was a new program this year. The positive reactors were followed by Chest X-rays in April and November.

Five Dental Clinics were held in April and May sponsored by the Holderness P.-T. A. The children were transported to Dr. Crowell's office by members of the P.-T. A. and the nurse.

On May 10th, the eighth grade girls visited Laconia Hospital and the Nurses' Residence. This trip was made to show the girls interested in a nursing career the daily routine of a student nurse and hospital life. This also was to help them in choosing the necessary courses when they were preparing to enter high school.

On May 17, a Pre-School Registration Day was held with 16 children attending. This day gives the child who will enter school in September and parent a good opportunity to acquaint themselves with the local school activities. The school nurse checked heights, weights, vision and recorded information necessary to start the health records. Mrs. Marjorie Plaisted, dental hygienist, from the State Dept. of Dental Health was present to talk about the care of teeth. Each child was given a toothbrush. Reports have been returned to school that many children have been to see their dentist.

An Immunization Clinic was held May 16 at the Central School with Dr. Rockwood administering the Salk Vaccine and Diphtheria-Tetanus Toxoid.

The usual first aid, social and welfare work was attended to whenever needed.

Free Vitamin Pills were given all school children requesting them. This program is sponsored by the P.-T. A.

The nurse made 40 school visits and 81 home visits.

Respectfully submitted,

AMY L. BROWN, R.N.,

School Nurse-Teacher
